**EN** Our activity was born in Faenza in 2005, where we started as manufacturers of architectural acoustic loudspeakers with a clear mission: to create acoustic solutions that positively influence people's lives. We have in-house, specialised audio technicians who, through their experience and passion and thanks to cutting-edge audio equipment and a semi-anechoic chamber, manufacture the finest and best solutions.

**IT** Siamo nati a Faenza nel 2005 come produttori di diffusori acustici architeturali con una chiara missione: creare soluzioni acustiche che influenzino positivamente la vita delle persone. Grazie all'esperienza e alla passione dei nostri tecnici audio specializzati, strumentazioni audio all'avanguardia e una sala semi anecoica, realizziamo soluzioni innovative.

**FR** Notre activité commence en 2005 en tant que producteurs de haut-parleurs acoustiques architecturaux avec une mission claire: créer des solutions acoustiques qui influencent positivement la vie des gens. Des techniciens spécialisés dans l'audio travaillent dans l'équipe Garvan, auprès de notre siège. Grâce à leur expérience et passion et en utilisant des équipements audios de pointe et une salle semi-anéchoïque, ils réalisent des solutions de jour en jour meilleures.

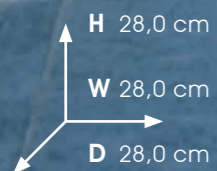

**DE** Wir wurden 2005 in Faenza als Hersteller von design Akustiklautsprechern mit einer klaren Mission geboren: Akustiklösungen zu schaffen, die das Leben der Menschen positiv beeinflussen. Unsere interne Audiotechniker haben eine große Erfahrung und Leidenschaft und realisieren durch die modernsten Audiogeräte und eine Halb-reflexionsfreie Kammer immer bessere Lösungen.

**EN** Conceived to enrich the outdoor spaces, the LOTO collection by Garvan Acoustic® is a product of design which is also very resistant to external agents. The technology with acoustic lens diffuses an airy, 360° sound, for an excellence performance delivered by limited number of loudspeakers. The collection is also provided with an optimised fixing system for swimming pools as well as for terraces and is made of Corian, painted steel (brushed or with Corten effect), stoneware or coloured plastic.

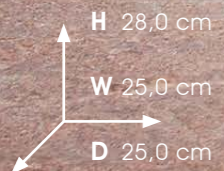

**IT** Destinata ad impreziosire gli spazi esterni, la collezione LOTO di Garvan Acoustic® coniuga design e resistenza agli agenti atmosferici. La tecnologia a lente acustica regala un suono arioso a 360° garantendo la migliore performance col minimo dei diffusori. Con fissaggio ottimizzato anche per piscine e terrazzi, è realizzata in Corian, acciaio verniciato, spazzolato o corten, gres o plastica colorata.

**FR** Destinée à enrichir les espaces extérieurs, la collection LOTO de Garvan Acoustic® combine design et résistance aux intempéries. La technologie avec lentille acoustique offre un son aéré à 360°, pour une performance optimale avec un nombre réduit de haut-parleurs. La collection présente un système de fixation optimisé également pour les piscines et les terrasses et est réalisée en Corian, acier peint, brossé ou Corten, grès ou plastique colorée.

**DE** Die LOTO-Kollektion von Garvan Acoustic® ist dazu bestimmt, Außenbereiche zu verschönern und sie kombiniert Design und Witterungsbeständigkeit. Die Technologie mit akustischer Linse liefert einen 360° natürlichen Klang und gewährleistet die maximale Leistung mit der geringsten Nummer von Lautsprechern. Die Kollektion weist auch ein optimiertes Befestigungssystem für Schwimmbäder und Terrassen auf, und wird mit Corian, lackiertem Stahl (gebürstetem oder mit Corten Effekt), Steinzeug oder farbigem Kunststoff hergestellt.
